Self catering holiday cottage with pool to rent in Lot, Midi-Pyrenees

Ussel is to us the real France; the village and the countryside are completely unspoilt; you really feel you are close to the French way of life. However, you are not in the least isolated, there are many stimulating things to see and to do, good meals to be enjoyed at reasonable prices. It is not an area to rush around in, but for leisure and relaxation.

It sleeps four comfortably, six if necessary. It has an attractive private heated pool.
